A noted conflict-resolution expert explores dignity, its role in human conflict, and its power to improve relationships Drawing on her extensive experience in international conflict resolution and on insights from evolutionary biology, psychology, and neuroscience, Donna Hicks explains what the elements of dignity are, how to recognize dignity violations, how to respond when we are not treated with dignity, how dignity can restore a broken relationship, why leaders must understand the concept of dignity, and more. By choosing dignity as a way of life, Hicks shows, we open the way to greater peace within ourselves and to a safer and more humane world for all. For the Tenth Anniversary Edition of Dignity, Hicks has written a new preface that reflects on her experience helping communities and individuals understand the power of dignity and how it can lead to a more peaceful world. "Anyone who understands the importance of personal feelings and their fuel for conflict should consider Dignity as a powerful advisory and motivational guide."—Midwest Book Review Winner of the 2012 Educator's Award, given by the Delta Kappa Gamma Society International.

What every leader needs to know about dignity and how to create a culture in which everyone thrives This landmark book from an expert in

dignity studies explores the essential but under-recognized role of dignity as part of good leadership. Extending the reach of her award-winning book *Dignity: Its Essential Role in Resolving Conflict*, Donna Hicks now contributes a specific, practical guide to achieving a culture of dignity. Most people know very little about dignity, the author has found, and when leaders fail to respect the dignity of others, conflict and distrust ensue. She highlights three components of leading with dignity: what one must know in order to honor dignity and avoid violating it; what one must do to lead with dignity; and how one can create a culture of dignity in any organization, whether corporate, religious, governmental, healthcare, or beyond. Brimming with key research findings, real-life case studies, and workable recommendations, this book fills an important gap in our understanding of how best to be together in a conflict-ridden world.

The desire for dignity is universal and powerful. It is a motivating force behind all human interaction--in families, in communities, in the business world, and in relationships at the international level. When dignity is violated, the response is likely to involve aggression, even violence, hatred, and vengeance. On the other hand, when people treat one another with dignity, they become more connected and are able to create more meaningful relationships. Surprisingly, most people have little understanding of dignity, observes Donna Hicks in this important book. She examines the reasons for this gap and offers a new set of strategies for becoming aware of dignity's vital role in our lives and learning to put dignity into practice in everyday life. Drawing on her extensive experience in international conflict resolution and on insights from evolutionary biology, psychology, and neuroscience, the author explains what the elements of dignity are, how to recognize dignity violations, how to respond when we are not treated with dignity, how dignity can restore a broken relationship, why leaders must understand the concept of dignity, and more. Hicks shows that by choosing dignity as a way of life, we open the way to greater peace within ourselves and to a safer and more humane world for all.

Dignity plays a central role in thinking about law and human rights, but there is sharp disagreement about its meaning. Combining conceptual precision with a broad historical background, Rosen puts these controversies in context and offers a novel, constructive proposal. He also answers a puzzling question: why treat the dead with dignity?

Authoritative multi-contributor work investigating the concept of dignity and what it means to people in their working lives.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—*Unbroken* is an unforgettable testament to the resilience of the human mind, body, and spirit, brought

vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurbly adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks*

DIV This landmark book looks at what it means to be a multiracial couple in the United States today. According to *Our Hearts* begins with a look back at a 1925 case in which a two-month marriage ends with a man suing his wife for misrepresentation of her race, and shows how our society has yet to come to terms with interracial marriage. Angela Onwuachi-Willig examines the issue by drawing from a variety of sources, including her own experiences. She argues that housing law, family law, and employment law fail, in important ways, to protect multiracial couples. In a society in which marriage is used to give, withhold, and take away status—in the workplace and elsewhere—she says interracial couples are at a disadvantage, which is only exacerbated by current law. /div

At a time when the global development industry is under more pressure than ever before, this book argues that an end to poverty can only be achieved by prioritizing human dignity. Unable to adequately account for the roles of culture, context, and local institutions, today’s outsider-led development interventions continue to leave a trail of unintended consequences, ranging from wasteful to even harmful. This book shows that increased prosperity can only be achieved when people are valued as self-governing agents. Social orders that recognize autonomy and human dignity unleash enormous productive energy. This in turn leads to the mobilization of knowledge-sharing that is critical to innovation and localized problem-solving. Offering a wide range of interdisciplinary perspectives and specific examples from the field showing these ideas in action, this book provides NGOs, multilateral institutions, and donor countries with practical guidelines for implementing “dignity-first” development. Compelling and engaging, with a wide range of recommendations for reforming development practice and supporting liberal democracy, this book will be an essential read for students and practitioners of international development.

NATIONAL BESTSELLER “A profound book.... It will break your heart but also leave you with hope.” —J.D. Vance, author of *Hillbilly Elegy* “[A] deeply empathetic book.” —The Economist With stark photo essays and unforgettable true stories, Chris Arnade cuts through “expert” pontification on inequality, addiction, and poverty to allow those who have been left behind to define themselves on their own terms. After

abandoning his Wall Street career, Chris Arnade decided to document poverty and addiction in the Bronx. He began interviewing, photographing, and becoming close friends with homeless addicts, and spent hours in drug dens and McDonald's. Then he started driving across America to see how the rest of the country compared. He found the same types of stories everywhere, across lines of race, ethnicity, religion, and geography. The people he got to know, from Alabama and California to Maine and Nevada, gave Arnade a new respect for the dignity and resilience of what he calls America's Back Row--those who lack the credentials and advantages of the so-called meritocratic upper class. The strivers in the Front Row, with their advanced degrees and upward mobility, see the Back Row's values as worthless. They scorn anyone who stays in a dying town or city as foolish, and mock anyone who clings to religion or tradition as naïve. As Takeesha, a woman in the Bronx, told Arnade, she wants to be seen she sees herself: "a prostitute, a mother of six, and a child of God." This book is his attempt to help the rest of us truly see, hear, and respect millions of people who've been left behind.

Exposing the social and political landscape of homelessness in Fresno, Dispatches from the War Zone offers the reader a rare opportunity to understand this issue from the perspective of the homeless, their allies and an investigative journalist who closely followed this story for more than 10 years. What at first appeared to be builders and developers working with Fresno City Hall and the police to move the homeless to more remote areas of town turns into something else entirely. We find government corruption, a class action lawsuit against the city for its unconstitutional attacks against the homeless and the suspicious death of Pamela Kincaid, the lead plaintiff in the legal action. Originally, it was the federal government's de-funding of affordable housing in the early 1980s that led to today's homeless crisis. The book examines those structural reasons for homelessness but also looks at what grassroots groups in Fresno, working on alternatives, have accomplished. Although the end to homelessness has been elusive for those groups doing business as usual, the paradigm shifts this book suggests give new hope that a better world is possible. There is a pathway to ending homelessness and treating all people with the dignity and respect they deserve.
